

## **CHEMICAL APPLICATOR TOOL (C.A.T.)**

### **Backpack Microfiber Applicator System**

#### **FEATURES**

##### **Heavy Duty Canvas Backpack**

- Ergonomically designed with padded, shoulder straps that are adjustable for desired fit

##### **Refillable Chemical Bags**

- Easy to fill and install
- Bags can be filled with virtually any non-acid floor care chemical
- 1 ½ gallon capacity

##### **Anodized Aluminum Handle – 56 ½”**

- Corrosion and shock resistant
- Lightweight
- 61 ½” handles are also available

##### **Swivel Trigger-Operated Fluid Dispenser**

- Allows quick and easy fluid dispensing
- Continuous flow when the valve is depressed
- Dual outlet dispenses fluid at a 90° angle -- eliminates liquid collecting on the mop frame
- Swivel trigger moves with natural movement of operator making it more ergonomic.
- Lower risk of RSI (Repetitive Strain Injury)

##### **Unique Mop Head Frame Connection**

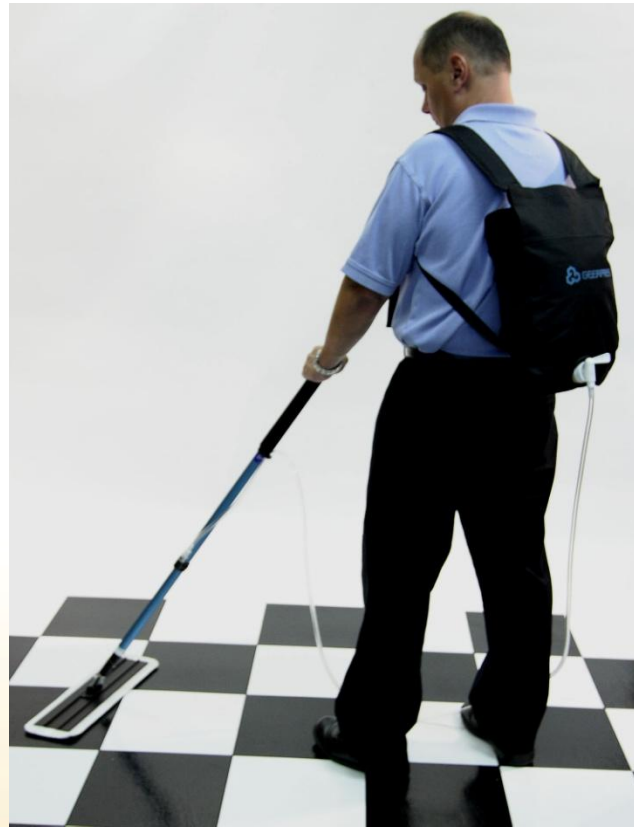

- Easy to maneuver
- Swivels for efficient figure eight motion
- Flips up for easy cleaning of baseboards
- Can be used in confined areas

##### **Aluminum Flat Mop Head Frame**

- Lightweight and corrosion resistant
- Three interchangeable heads are available to accommodate 12”, 18” and/or 24” mops

##### **Sanitary Mop Design**

- Hook & loop fasteners secures mop to the mop head
- Virtually hands-free installation and removal
- Microfiber material for more efficient cleaning
- Launderable

Pictured here is the Chemical Applicator Tool Kit (C.A.T.) – 18”  
**MODEL #4500**

Heavy duty canvas backpack is designed with padded shoulder straps that are adjustable for desired fit. Features a reinforced opening.
